The screenshot displays a web application for managing library book copies. On the left, a vertical sidebar contains icons for home, list view, grid view, notifications, a selected shelf view, analytics, a grid of categories, and a user profile. The main content area features a search bar at the top right with the text 'Search' and a user dropdown menu showing 'admin'. Below this is a section titled 'Book Copies' with an 'Add Copy' button. A table lists the following data:

COPY ID	BOOK TITLE	STATUS
20	Divergent	Unavailable
3	Harry Potter and the Philosophers Stone	Unavailable
19	Lobizona: A Novel	Available
25	Percy Jackson	Available
11	The Summer I Turned Pretty	Available
23	The Summer I Turned Pretty	Available
17	To All the Boys I've Loved Before	Available
2	Turtles All the Way Down	Available

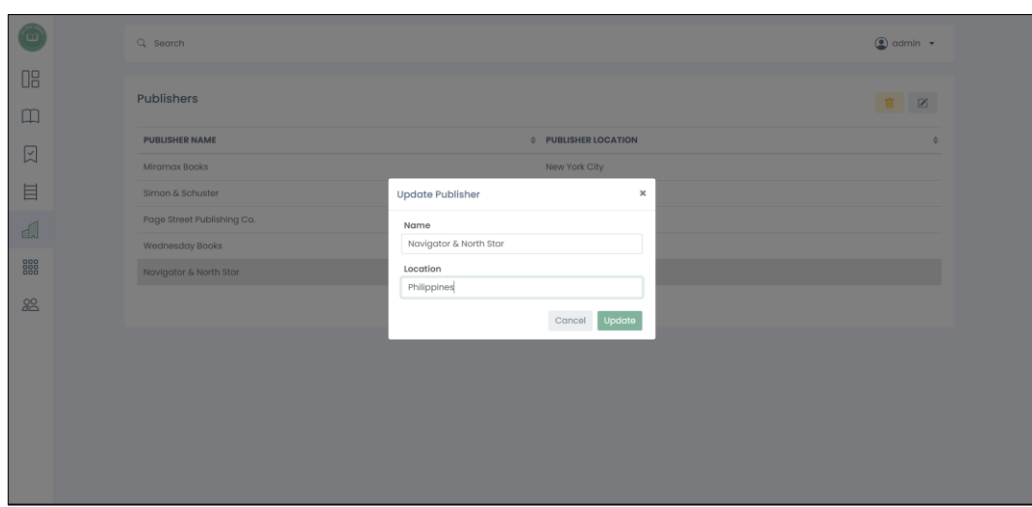

At the bottom of the table, there is a pagination control showing '1' of 2 pages. A yellow toast notification at the bottom right states 'Copy Deleted Successfully!'.

The screenshot displays a web application interface for managing publishers. On the left, a vertical sidebar contains icons for home, list, book, checkmark, table, building (selected), grid, and users. The top bar features a search bar and a user profile labeled 'admin'. The main content area is titled 'Publishers' and includes a table with two columns: 'PUBLISHER NAME' and 'PUBLISHER LOCATION'. The table lists eight publishers: Bloomsbury, Dutton Books, Orion Books, Double Day, HarperCollins Publishers, Scholastic, Random House, and Penguin Books. A green 'Add Publisher' button is located in the top right corner of the table area. At the bottom right, a blue notification box indicates 'Publisher Updated Successfully!'.
